FAUSTA RAIHAN MAULANA

Semarang Regency, Indonesia | faustaraihan69@gmail.com | +6281391209012 | linkedin.com/in/faustaraihan

SUMMARY

Recent Computer Engineering graduate with experience building web applications using React, Next.js, TypeScript, and PostgreSQL. Brings a product mindset across problem discovery, UI/UX design, development, and testing, with a focus on user needs and maintainable software. Seeking a software engineering role combining hands-on development with product thinking.

EDUCATION

Universitas Diponegoro **Aug 2022 – Jul 2026**
Bachelor of Computer Engineering, 3.77/4.00

EXPERIENCES

Coding Camp powered by DBS Foundation **Feb 2026 – Jul 2026**
Full-Stack Developer Cohort (Apprenticeship) | Remote
- Graduated with Distinction in the top 10% of 2,800+ participants after completing 923 hours of training in full-stack development, soft skills, English, and financial literacy.
- Collaborated with a six-person cross-functional team to deliver Karisma AI, contributing to database schema and ERD design, UI/UX planning, and full-stack development.

Bangkit Academy led by Google, Tokopedia, Gojek & Traveloka **Sep 2024 – Jan 2025**
Mobile Development Cohort (Apprenticeship) | Remote
- Completed 912 hours in Kotlin, MVVM, REST APIs, on-device ML, project management, and English communication; graduated as a Full Graduate among 4,636 selected from 45,000+ applicants.
- Led a 7-person cross-functional team through the full software development lifecycle from user research, project planning, core development, and pitched the final product to a judging panel.

Dinas Komunikasi dan Informatika Kota Salatiga **Jul 2024 – Aug 2024**
Software Engineer Intern | On-site
- Designed end-to-end UI/UX for 17 “QuickCount” mobile app screens in Figma and translated high-fidelity prototypes into responsive Android XML layouts with precise visual implementation.
- Worked with stakeholders and one development teammate across requirements gathering, implementation, and technical handoff documentation.

SELECTED PROJECTS

Codestroke: Code Typing Test for Developers
React, TypeScript, Tailwind CSS, Vitest, Supabase, Vercel | codestroke.dev
- Developed a code-typing platform supporting nine programming languages to help developers improve typing speed using real code snippets.
- Contributed across the product lifecycle, from problem discovery and planning to design, development, testing, marketing, and user feedback resolution.

Blastrot *(In Development)*
React, Next.js, TypeScript, Tailwind CSS, Supabase, Cloudflare
- Building a brain-game platform for students and young professionals, offering short, interactive breaks as an alternative to habitual doomscrolling.
- Owning end-to-end product development, from problem discovery and planning to game design, UI/UX, implementation, and testing.

Karisma AI *(Capstone Project · Coding Camp powered by DBS Foundation)*
React, JavaScript, Express.js, Tailwind CSS, Supabase, Vercel, Railway | karisma-ai.site
- Collaborated with a six-person team to build a career-navigation platform that analyzes CVs, recommends career paths, identifies skill gaps, and generates personalized learning roadmaps.
- Contributed to database schema and ERD design, UI/UX planning, and full-stack development.

ORGANIZATIONAL EXPERIENCES

Himpunan Mahasiswa Teknik Komputer Universitas Diponegoro **Aug 2023 – May 2025**
Head of Public Relations Division (2024 – 2025)
Information & Communication Department
- Led the Public Relations Division by coordinating team responsibilities, monitoring progress, and reviewing deliverables to ensure programs were executed effectively and on schedule.

- Managed external communications and partnership opportunities while directing “Roadshow,” a knowledge-sharing initiative with other student organizations that received full marks in both quantitative and qualitative evaluations.

Staff, Media Division (2023 – 2024)
Information & Communication Department
- Coordinated “Meditekom,” a technology-focused social media series, by managing the content schedule and collaborating with four team members to produce regular posts.
- Developed a visual design system and reusable content templates adopted for the 2024/2025 period, contributing to a 41.3% increase in average Instagram post likes compared with the previous period.

CERTIFICATIONS

- **Product Management Professional** - Aha!
- **Agile Project Management Professional** - Atlassian
- **Menjadi React Developer Expert** - Dicoding Indonesia
- **Online English Proficiency Test (Score of 69 ≈ 570 TOEFL)** - Service English Unit (SEU) Undip

SKILLS

- **Programming Languages**: JavaScript, TypeScript, SQL
- **Frontend Development**: React, Next.js, HTML, CSS, Tailwind
- **Backend & Database**: Express.js, Node.js, PostgreSQL, RESTful APIs
- **Cloud & Tools**: GitHub, AWS, Cloudflare, Vercel, Supabase, Postman, Figma, Jira
- **Languages**: Indonesian (Native), English (Professional Working Proficiency)
